

Netting = #K36T-1 3/4"-R
 #36 nylon treated 1 3/4"
 mesh - (typical baseball
 netting)

Poles = 16" dia. painted steel
 pole - to withstand 100 m.p.h.
 winds at 35'H. Poles will be
 painted to customer choice
 of color. (typical is gray).

Netting top will be hung via
 cables from the top of the
 steel poles to the back of
 the backstop. This will
 create an angle of about
 23°. Netting sides will go
 from cables and attach
 directly to top of backstop.
